Alberto & Kaycee

growing our family

our lifestyle

We feel so lucky to have found each other—nine wonderful years together, with six of them happily married. Our story started on a dating app, and we still laugh about how opposites really do attract. Alberto, a Major in the U.S. Air Force, enjoys staying active at the gym and playing soccer whenever he can. Kaycee, a Registered Nurse, loves to unwind with a good book and bake sweet treats for friends and family. This past year, Kaycee transitioned into a hybrid role on the finance team, giving us more flexibility as we prepare for parenthood.

Our life together is built on the little things—quiet dinners at home, game nights, and unwinding with a good show. Military life has brought us across three states, each shaping us in different ways. Now, we're looking ahead with open hearts, ready to grow our family through adoption and embrace all the everyday moments that make a life full and meaningful.

our home & neighborhood

We live in a cozy townhome in Maryland, tucked into a friendly neighborhood surrounded by parks, museums, and great schools. We love taking walks and spending time on nearby hiking trails. The local food scene keeps things exciting—there's always something new to try.

Our home is full of life, thanks to our two pets: Whiskey, our playful dog who's always ready for fun, and Kit-Kat, our laid-back cat who loves napping in sunny spots. We're excited to grow our family through adoption and share the love, warmth, and joy that fills our home every day.

our favorite adventures

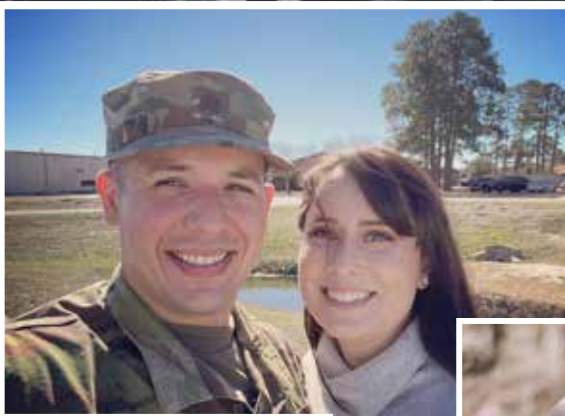

We've always shared a love for adventure—whether it's hiking through Upstate New York in the Adirondacks, canoeing along the Shenandoah River, or road tripping through the Southwest to places like Carlsbad Caverns and White Sands. One of our favorite experiences was traveling to Vietnam and exploring world heritage sites—taking in the culture, food, and history was unforgettable. We look for any excuse to get outside with our dog, and we hope to visit as many National Parks as possible.

We look forward to sharing this spirit of adventure with our future child—raising a Junior Ranger who appreciates the beauty of nature, supports local businesses, learns from the many cultures we encounter, and creates lasting memories as a family, one road trip at a time.

our family *and friends*

Alberto comes from a large family and is the oldest of four brothers. His parents, high school sweethearts of 35 years, remain happily married and have built a warm, supportive home. Their shared Spanish-speaking heritage adds a strong cultural bond that deepens family connections.

Kaycee is the younger of two sisters. Her sister married her own high school sweetheart, providing a wonderful example of lasting love and partnership. Kaycee and her parents, who are energetic and devoted grandparents, share a special bond with her niece, who is now in first grade.

Alberto's active duty service in the Air Force sometimes means we're physically apart, so our family prioritizes being together for important moments and holidays. We hold tightly to traditions, especially Christmas Eve with Alberto's extended family. Kaycee always makes time for her niece's birthday and special milestones like recitals and graduations, showing our commitment to staying connected and creating lasting memories.

No matter the distance, our families are just a flight away, always ready with love, support, and encouragement. They're excited to welcome a new family member and join us on our adoption journey.

our letter to you

We write to you with hearts full of respect and gratitude for the important decisions you are courageously facing. Your consideration of adoption speaks volumes about your love and selflessness, and we are deeply thankful for the opportunity to connect with you through this process.

As a couple embarking on the path of adoption, our emotions are a mix of anticipation and deep commitment. Your baby is already a cherished part of our journey, even before joining our lives.

We are dedicated to providing a home overflowing with love, laughter, and unwavering support. Your well-being, as well as your baby's, is our top priority, and we are open to maintaining a connection that feels comfortable for you. Thank you for considering us as potential parents. We are inspired by your strength and honored by the possibility of expanding our family through your thoughtful decision.

With love and admiration,

Kaycee and Alberto
