ABOUT US

We're Tim and Peyton from Ohio. We met in 2021 and shared cinnamon butter rolls at Texas Roadhouse for our first date. Tim proposed on the family farm while Peyton's sisters hid in the bushes taking photos. In Fall of 2023, we had an intimate backyard wedding where we now recite our vows each year.

Peyton works part-time as a professional home organizer and Tim works full-time on the dairy farm. We love that working on a family farm gives us the flexibility we need to raise a child in a family-centric lifestyle.

In 2022, we remodeled a home on Tim's family's dairy farm. Over the course of 12 months, (while planning our backyard wedding) we began making it our own. Both of our amazing families came together to help us pour lots of hard work and love into it; making the perfect forever home to grow a family together.

OUR HOME & PETS

Our favorite part of our home is our 5-acre property with a deck and patio. Children in our families love playing in the yard—the perfect size for kickball, slip n' slides, bounce houses, bonfires, and a big swing set!

We enjoy growing produce in our garden and planning for our first pumpkin patch!

We adore our fur-babies! Pictured below is our dog, Tucker, and two kittens, Jorah and Khaleesi.

We live on Tim's family's 600+ acre dairy farm featuring 350 cows and a calf barn full of the cutest little babies you ever did see (which we bottle-feed)! We absolutely love the farm! Our favorite things to do are milk cows and ride in the tractor singing made up silly songs with our nephew.

WHAT LED US TO ADOPTION

Peyton has always felt in her heart she would adopt a child. Very early on in our relationship, we began discussing how we envisioned building a life together and what growing our family would look like. We quickly agreed that we both feel called to the path of adoption and have hearts wide open to provide a loving and compassionate life for a child to grow in.

Hobby: Kayaking, traveling, decorating

Tradition: Christmas cookie making

Music: Chris Stapleton

Movie: Toy Story

Dream Vacation: Weeks in Alaska

TV Show: Anything on *HGTV*

Subject in School: Art

Book: A Court of Thorns and Roses

OUR FAMILIES

We both were raised in households where family means everything. We're blessed to be surrounded by so many loved ones who shower us with unconditional love and support. Peyton has a great bond with her two biological sisters and two stepsisters (who she talks to several times per week). Tim gets to work with his two brothers and sees both his sisters regularly. Our families have lots of little nieces/nephews, and cousins we have a blast playing with.

All our family members live close by so we can spend lots of quality time with them! We love gathering for cookouts, pool parties, birthday parties, and holidays. We even enjoy kayaking trips with a speaker to sing along to fun Disney music together.

We've made memories at these gatherings which have become inside jokes within our family for years on end. We've found that it doesn't matter where we're at or what we're doing...if we're together as a family, we're having the absolute best of times!

TRADITIONS

Whether it's a holiday, birthday, or someone in the family got promoted at work, you can bet we're celebrating! We find all the reasons we can to gather with family and friends to celebrate, share laughs, and make lifelong memories together. Each year, we end up adding another amazing tradition to enrich to our lives.

It doesn't seem to matter what holiday comes around or what time of year it may be; family is always at the very center of everything we do together as a couple.

Dear expectant mother,

We appreciate you taking time to learn more about us. We hope this conveys the love we have for each other, and just how meaningful family is to us.

As we write this letter, we find it difficult to put into words our feelings for you. We are overcome with gratitude for compassionate women like yourself who selflessly choose the path of adoption for their child. We cannot begin to imagine the thoughts and feelings you're going through; but we want you to know we support you and the decisions you make. We would be honored to develop a relationship built on a foundation of openness and compassion along this journey.

Should you find yourself choosing us as parents for your child, our hope is that you rest assured knowing they will be showered with love every moment of their life. Every night will include bedtime stories and birthdays will be celebrated over homemade cake with the whole family. Memories will be made at the dinner table. Silly made-up songs will be sung together and we'll discover new places, traveling the country as a family. We'll celebrate their wins, lift them up when they are down, focus on their strengths, and encourage them to be anything they want to be. By way of example, they will be led to live life by the golden rule.

From the bottom of our hearts, we thank you for considering us and hope you find peace in your adoption journey.

With love and gratitude,

Tim and Peyton

The logo for Angel Adoption, featuring the word "Angel" in a large, elegant script font, with a small heart symbol above the letter "A". The word "Adoption" is written in a smaller, simpler font below "Angel".
